6. Phase I space (or BIC space)

25X1A

[REDACTED] directed attention to the problem of excessive heat in connection with the conduct of the BIC (CS) in the R & S auditorium. It was generally agreed that very little could be done about this situation in view of the fact that air conditioning of the auditorium is at present an impossibility. It was indicated, however, that where possible an effort will be made to transfer the classroom instruction to air conditioned space [REDACTED]

25X1A  
25X1A

██████████ asked for an explanation of the objectives of the pre-training testing program. This subject was very thoroughly discussed by ██████████, A&E, to ██████████ satisfaction. ██████████ suggested that this battery of tests be given to all prospective employees of the Agency prior to the date of EOD. This suggestion was heartily concurred in by the D/TR who indicated that this proposal had been made some months ago. ██████████ and other training officers indicated that they would be very happy to test cases of potential employees, if desired, by arranging for the pre-testing process prior to offering appointments to these individuals. Both Mr. Baird and ██████████ stated that the Office of Training would be delighted to cooperate if requested.

14. Movie

Mr. Baird commented on the air operations training film and indicated that the Office of Training will conduct subsequent showings of this film for selected members of the Clandestine Services. It was suggested that the senior operations officers and division chiefs assume responsibility for selection of personnel who had reason to view subsequent showings. This, of course, would not apply to students entered in Phase II or the Air Operations Course.
